

**PRODUCT DATA SHEET**

<b>Product</b>	<b>Quick Dry Masonry Paint</b>
<b>Type</b>	A high quality acrylic matt masonry paint available in black, white, red and cream.
<b>Intended Use</b>	For use on sound, dry exterior masonry surfaces.
<b>Special Features</b>	Quick drying and formulated for ease of application and good exterior durability.
<b>Preparation</b>	Surfaces must be sound, clean, dry and free from dust, dirt and contaminants likely to affect adhesion. Remove any existing finish, which may be flaking and remove any loose particles and mortar. Fill cracks and repair damaged pointing. Surfaces showing signs of efflorescence (white crystals on the surface) should be brushed down and a coat of Alkali-resisting Primer must then be applied and allowed to dry before applying Rustins Masonry Paint. No Primer is required if fresh mortar has been applied to the pointing and if painting new brick work. If applying to existing painted surfaces test for compatibility as if not compatible it may flake off. Do not apply to areas where there is persistent damp.
<b>Application</b>	Use a large brush and apply evenly. Apply paint liberally, making sure the surface is covered completely. Do not apply when temperatures are below 10 C, in conditions of high humidity or when there is a risk of rain.
<b>Coats</b>	1 coat is usually sufficient. A second coat may be applied if required.
<b>Drying Time</b>	Approximately 30 minutes, depending on temperature and humidity.
<b>Re-coating Time</b>	Approximately 4 hours depending on ambient conditions.
<b>Application Temp.</b>	Ideally 15-25°C. Do not apply if rain imminent.
<b>Coverage</b>	14 sq.metres per litre 1 coat.
<b>Maintenance</b>	The surface may be washed with a mild detergent solution and a scrubbing brush and re-coated if necessary.
<b>Compatibility</b>	May be applied over other paints but test for compatibility as the paint may flake off if not compatible.
<b>Settlement</b>	<b>STIR VERY WELL BEFORE AND DURING USE</b> or the product may dry with a satin finish.
<b>Shelf-life/Storage</b>	Many years if stored in original tightly closed container in normal conditions.
<b>Hazards</b>	Keep out of reach of children. Avoid contact with skin and eyes. After contact with skin, wash immediately with plenty of soap and water or a proprietary skin cleanser. A full Safety Data Sheet is available upon request or on Rustins Web site.
<b>Clean-Up</b>	Remove excess product from brushes before cleaning. Clean brushes whilst wet with water. Hard brushes can be cleaned with <b>Rustin's Brush Restorer</b> .
