STICKY-OFF

STICKY ADHESIVE REMOVER

Application:

Apply liberally to the substance you want to remove, then allow a few minutes for **STICKY-OFF** to start working.

Gently rub the surface with a clean cloth.

If required, repeat the process. Once the substance is removed, clean the area with soapy water.

STICKY-OFF can be used on metal, glass, plastic, plaster, concrete and wood.

Do not use it on leather or rubber.

We recommend trying a small test area before applying all over the surface.

For stains on clothing, do not treat whilst wearing. Repeat the application as required allowing some time for **STICKY-OFF** to penetrate the stain. Wash the stained clothing separately.
