

PRODUCT DATA SHEET

Product	White and Dark Grey Undercoat
Type	Alkyd oil based undercoat.
Intended Use	On primed or previously painted wood and metal.
Special Features	For interior and exterior use.
Preparation	The surface must be clean, smooth, sound, dry and free from wax, dust and contaminants. If the wood or metal surface is bare, apply the appropriate primer before painting with undercoat. On metal use Red Oxide Metal Primer , treat rust before priming with Rustins Rust Remover . On wood use Rustins Aluminium Primer or Rustins White Primer , treat knots with Rustins Knotting . Existing paint should be cleaned with white spirit, detergent or Rustins Sugar Soap and then sanded lightly to provide a key, prior to painting. If the paint is in bad condition or flaking, remove with Strypit Paint & Varnish Stripper .
Application	Apply evenly using a good quality brush.
Coats	1 coat is sufficient but a second coat may be applied if required. Sand lightly between coats if required.
Drying Time	4-8 hours, depending on the temperature and humidity.
Re-coating Time	4-8 hours, depending on the temperature and humidity.
Application Temp.	Ideally, 15-20 C. Do not use below 10 C or in conditions of high humidity.
Coverage	14 sq.metre per coat per litre depending on the absorbency of the surface.
Maintenance	Undercoated surfaces should be over painted.
Compatibility	Compatible with Rustins range and most oil based systems. Carry out small test if required.
Settlement	STIR WELL BEFORE USE.
Shelf-life/Storage	Many years if stored in original, tightly closed container in cool dry conditions.
Hazards	Flammable. Keep out of reach of children. Use only in well ventilated areas. Keep away from sources of ignition – no smoking. Avoid contact with skin and eyes. After contact with skin, wash immediately with plenty of soap and water or a proprietary skin cleanser. Do not use solvent or white spirit. A full Health & Safety Data sheet is available upon request or on www.rustins.co.uk
Clean-Up	Clean brushes whilst wet with white spirit or Rustins Brush Cleaner . Remove excess product from brushes before cleaning. Hard brushes can be cleaned with Rustins Brush Restorer .
Sizes	250ml 500ml 1 L
