

Liquid Wax Floor Polish

Antiquax Liquid Wax Floor Polish is a high quality wax suitable for all types of wooden and parquet floor. It is easy to apply and gives a lasting high gloss finish.

It can be used with low speed mechanical buffing machines.

DIRECTIONS: Apply sparingly with a clean dry cloth. Working with the grain and working into the joints (taking care not to leave any excess before allowing to dry).

Polish off in the normal manner to give that deep Antiquax shine.

CAUTION: *This is not a non slip polish. Polished floors can be slippery and particular care should be taken if loose carpets and rugs are placed over polished floors.*

Be safe in your home.
