TECHNICAL DATA SHEET

ANTIQUAX PRODUCT NAME
Antiquax Saddle Soap

Type	A traditional, high quality treatment for leather, based on a blend of soaps and waxes designed specifically to clean leather and to prolong natural suppleness.
Intended Use	For use on all types of finished leather, leather tack, saddles, bridles, and harnesses, household and domestic leather including leather suites, automotive interiors etc. Must not be used on unfinished leathers, nubuck, suede etc.
Special Features	Ease of use. Excellent cleaning properties. Replenishes, nourishes and preserves most leathers.
Preparation	N/A
Application	Apply to the surface with a soft lint free cloth, lightly in small areas working with the grain. Antiquax Natural Creamed Beeswax dries quickly. Once dry, buff with lint free cotton cloth to achieve a desired sheen.
Coats	One application is usually sufficient.
Drying Time	1-2 hours.
Re-coating Time	1 – 2 hours. Where severe deterioration of the leather has taken place, use of Antiquax Leather Cream should be considered.
Application Temp.	Ideally 15-25° C
Coverage	N/A
Maintenance	Re-apply when necessary.
Compatibility	Compatible with all finished leathers. Not suitable for use on unfinished leather, i.e. nubuck and suede.
Settlement	N/A
Shelf-life/Storage	A very long time if stored in original container tightly sealed in a cool dry place.
Hazards	Non-flammable. Keep away from children. Keep container tightly closed. A full Health & Safety Data Sheet is available on request.
Clean-Up	Hands and application cloth can be cleaned in warm soapy water.
Sizes	250 mls
