

Antiquax Leather Cleaner is formulated for use as a general leather cleaner and is suitable for use on all leathers except Suede and NuBuck. A safe to use cleaner to remove stubborn dirt and grime.

This leather cleaning solution contains no solvents or abrasives, allowing it to clean leather safely without causing any damage, yet it is still capable of removing deeply ingrained dirt and grime. Antiquax Leather Cleaner is an effective and powerful water based leather cleaner making it ideal for cleaning light coloured leathers that show the dirt most, but can still be used on all colours of leather safely.

Instructions:

Shake bottle well and pour onto a sponge or cloth. Work the cleaner into the leather cleaning in a circular motion.

As the cleaner lifts the dirt from the leather, it will be absorbed by the foam created.

After cleaning wipe any residues away and apply Antiquax Leather Cream. Use Antiquax Leather Re-Colouring Balm to renovate the colour of worn, dry and faded leather before using Antiquax Leather Cream.

Coverage: 250ml is enough to clean a leather three piece suite 1 or 2 times. We recommend cleaning leather twice annually.

Antiquax

Leather Cleaner

A Sense of Tradition

Ideal for use on leather furniture, car leather, jackets, clothing, shoes, and equine leather. Do not use on Suede or NuBuck.

Health & Safety

Keep out of reach of children.

Do not get in eyes, on skin, or on clothing.

IF SWALLOWED: Call a POISON CENTRE or doctor if you feel unwell.

IF ON SKIN: Gently wash with plenty of soap and water.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
