

TECHNICAL DATA SHEET

ANTIQUAX ANTQLCLN250
Antiquax Leather Cleaner

www.antiquax.co.uk

Waterloo Road, London NW2 7TX
Telephone: +44(0)20 8450 4666

Type	A special blend of surfactants in water.
Intended Use	Cleaning leather furniture, car leather, jackets, clothing, shoes and equine leather. Not suitable for use on soft unprotected leathers such as suede and nubuck.
Special Features	Ease of use. Excellent cleaning properties. Contains no solvents or abrasives. Removes ingrained dirt and grime without damaging the leather and is ideal for cleaning light colours.
Preparation	SHAKE WELL BEFORE USE.
Application	Pour onto a sponge or cloth and work the cleaner into the leather cleaning in a circular motion. As the cleaner lifts the dirt from the leather, it will be absorbed by the foam created. After cleaning wipe any residues away before applying Antiquax Leather Protection Cream or Antiquax Re-Colouring Balm .
Coats	One cleaning application is usually sufficient but if very dirty or ingrained repeat process.
Drying Time	Leave for a few hours or when the surface becomes dry before application of the leather cream or colouring balm.
Re-coating Time	Leave for a few hours or when the surface becomes dry before re-application
Application Temp.	Ideally 15-25°C
Coverage	N/A
Maintenance	Leather should be cleaned twice a year prior to application of leather cream or colouring balm.
Compatibility	Not compatible with soft unprotected leathers such as suede and nubuck. Test for compatibility on an inconspicuous area if in doubt.
Settlement	N/A
Shelf-life/Storage	Many years in normal conditions if stored in original, tightly closed container. Protect from frost. Do not store below 5°C.
Hazards	Keep out of reach of children. Do not swallow. Avoid contact with eyes. In case of contact with eyes, rinse immediately with plenty of warm water and seek medical advice. After use, wash hands and dry thoroughly. A full Health & Safety Data sheet is available on request or via our website www.antiquax.co.uk
Clean-Up	Hands and application cloths can be cleaned in warm soapy water.
Sizes	250ml
