MGC250

Type	An aqueous alkaline glass cleaner with added detergency, specially designed to provide sparkling smear free finishes on glass surfaces.
Intended Use	For use on flat plate mirror and glass surfaces. Also suitable for use on Formica and many other plastics, glazed ceramic tiles and other reflective surfaces including stainless steel and chromium.
Special Features	Fast and effective use. Leaves no smears or residues. Pleasant fragrance.
Preparation	Protect bare untreated surfaces, i.e. wood from overspray.
Application	Shake well before use. Spray evenly from a distance of 20 – 30 cms. Wipe over the surface with a soft clean cloth. Remove with a new clean dry soft cloth, folding repeatedly and buff until dry.
Coats	One application should be sufficient.
Drying Time	Spray on and wipe over immediately.
Re-coating Time	Re-apply as required.
Application Temp.	Ideally 15-25°C.
Coverage	N/A
Maintenance	Re-apply as required.
Compatibility	Check suitability on coated glass by trying out product on an inconspicuous test area.
Settlement	Shake well before use
Shelf-life/Storage	A very long time if stored in original sealed container in a cool dry place.
Hazards	Extremely flammable. Irritating to eyes. Vapours may cause drowsiness. Keep away from children. Keep away from all sources of ignition. No smoking. A full Health & Safety Data Sheet is available on request or from www.antiquax.co.uk
Clean-Up	Hands and application cloth may be cleaned in warm soapy water.
Sizes	250 ml aerosols
