

SUGAR SOAP POWDER

Multipurpose cleaner

Rustins Sugar Soap Powder is a non-caustic, non-hazardous cleaner used by professional and home decorators for preparing surfaces prior to painting. The formulated cleaner removes grease and grime, including nicotine stains and provides a surface to ensure a consistent paint finish.

HARD SURFACE CLEANING

Rustins Sugar Soap Powder is ideal to use all around the home and workplace. Perfect for paintwork, vinyl floors, wash basins, baths, tiled walls and many other hard surfaces.

Important: Not suitable for textiles, fabrics or soft furnishings so ensure these are totally covered before working in the area. Any spillages onto surfaces that are not being cleaned should be wiped up immediately as spotting may occur. If in doubt about surface compatibility test an inconspicuous area first.

DIRECTIONS FOR USE:

The wearing of household rubber gloves is recommended when using this product. For preparing prior to decorating, dissolve 225 grams ($\frac{1}{2}$ bottle) of Rustins Sugar Soap Powder into 5 litres of warm water. Gently agitate to dissolve the powder.

Apply the sugar soap solution using a sponge or cloth working from top to bottom and then rinse off with clean water. Allow to dry.

For general cleaning add approximately 50 grams (4 tablespoons) to 2.5 litres of warm water. Apply with a sponge or cloth and rinse off with clean water.

In some specific applications this may not be required and the surface may just be wiped over with a dry cloth.

SAFETY INFORMATION

Causes serious eye irritation.
Keep out of reach of children.
Wash hands thoroughly after handling. Wear eye protection, face protection, protective clothing, protective gloves.

IF IN EYES: Rinse cautiously with water for several minutes.
