

# Rustins

## Anti-corrosion Metal Primer

Direct to rust, bare metal and iron  
Anti-corrosive additives  
prevent further rusting

### GREY

For interior & exterior

#### STIR WELL BEFORE USE

Rustins Anti-Corrosion Metal Primer protects metal surfaces from rusting. It can be used on old or new metal and may be painted straight onto rust. It binds to the surface making it ideal for vertical surfaces and reacts with any rust that it comes into contact with. This will neutralize the rust and prevent any further corrosion.

#### Preparation

The bare metal must be clean and free from grease and contamination. Remove loose rust with a wire brush. If the rust is to be totally removed, then use Rustins Rust Remover.

#### Application

Using a brush, apply evenly. For spray application the product can be thinned with Xylene Thinners. One coat is sufficient but two coats will provide improved durability. The second coat could be used as the finished coat if desired. Do not apply at temperatures below 10°C or in conditions of high humidity. Do not apply outside if rain is imminent.

#### Re-coating Time

Touch dry approximately 4 hours. Allow to harden for 8-10 hours or overnight between coats, depending on the temperature and humidity at the time of application.

#### Coverage

1 litre will cover approximately 14 sq.m in 1 coat depending on the absorbency of the surface.

#### Cleaning

Remove excess product from brushes before cleaning whilst wet with Xylene Thinners or Rustins Brush Cleaner. Hard brushes can be cleaned with Rustins Brush Restorer.

#### Disposal (pollution prevention)

Some local authorities have special facilities for disposal of waste paints/varnishes /coatings. Do not empty product into drains or watercourses.

#### Storage

Store in a cool dry place with the lid tightly closed.

#### HEALTH AND SAFETY

##### Flammable liquid and vapour

Contains cobalt octoate, methyl ethyl ketoxime. May produce an allergic reaction. May cause damage to organs (lungs) through prolonged or repeated exposure (inhalation vapour). Causes skin irritation.

Causes serious eye irritation. May cause respiratory irritation. Toxic to aquatic life with long lasting effects.

Do not breathe dust/fumes/gas/mist/vapours/spray.

Wear protective gloves/protective clothing/eye protection/face protection. Keep out of reach of children. If medical advice is needed, have product container or label at hand.

Keep away from heat, sparks, open flames and hot surfaces. - No smoking. Avoid breathing vapour or spray.

Avoid release to the environment. IF ON SKIN: Wash with plenty of water. IF INHALED: Remove person to fresh air and keep comfortable for breathing. IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing. Get medical attention if you feel unwell.
