SAGE

STIR WELL BEFORE USE

Quick Dry Garden Paint can be used on a wide variety of substrates such as wood, metal, brick, terracotta & stone. Add a splash of colour to your sheds, fences, benches and pots giving them a new lease of life and protecting them from the weather. No primer is needed even on metal. Containing wax, the paint has excellent water repellency and dries to a smooth satin finish giving long lasting protection.

Preparation

The surface must be clean and free from wax and grease. Bare wood must be sanded smooth before painting. For use on previously painted surfaces, clean and lightly sand to provide a key before painting. Fill all holes and cracks with Rustins Wood Filler.

The Snowdrop colour can be tinted to achieve a wide range of colours by adding a universal tinter (no more than 20%).

Application

Stir well before use and apply quickly and evenly with brush or roller. Use brushes with synthetic fibres manufactured for use with water-based products. Two coats are recommended. If necessary the paint can be thinned with up to 20% of water. If using over previously coated surface, test a small area for compatibility.

Re-coating Time

Surface dry in 30 minutes. Re-coatable after a minimum of 2 hours depending on temperature and humidity.

Coverage

1 litre covers approximately 13 square metres depending on the condition of the surface to which the paint is applied.

Cleaning

Remove as much paint as possible and return to this container. Brushes should then be cleaned immediately with water. If the brushes become hard, they may be cleaned with Rustins Brush Restorer or Rustins Cellulose Thinners.

Disposal (pollution prevention)

Some local authorities have special facilities for disposal of waste paints/varnishes /coatings. Do not empty product into drains or watercourses.

Storage

Store in a cool dry place with the lid tightly closed. Protect from frost.

HEALTH & SAFETY:

Contains a mixture of: 5-chloro-2-methyl-2h-isothiazol-3-one [ec no 247-500-7] and 2-methyl-2h-isothiazol-3-o. May produce an allergic reaction.

Keep out of reach of children.

Wear protective gloves/protective clothing/eye protection/face protection.

IF ON SKIN: Gently wash with plenty of soap and water.

IF SWALLOWED: Call a POISON CENTRE or doctor if you feel unwell.

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.
