

# Rustins

## Stain Blocker

Seals all stains that bleed  
through to spoil top coat

Excellent  
adhesion to:

Ceramic tiles  
Concrete  
Drywall  
Glass  
MDF  
Melamine  
Mortar  
Paint  
Plasterboard  
Wood

WHITE

Seals difficult stains such as:  
Bitumen • Crayon • Dry water  
Graffiti • Nicotine • Rust Soot • Tannin

For indoor & outdoor use

### SHAKE CAN WELL BEFORE USE

Rustins Stain Blocker has a matt white finish for interior and exterior use on wood, plaster and previously painted surfaces. It will seal all stains that may bleed through and discolour paint. As a primer, it provides excellent adhesion to ceramic tiles, glass, and melamine. When dry, it can be painted with any type of paint and undercoat. It can be applied over asphalt, bitumen, crayon, creosote, graffiti, nicotine, rust, soot, tannin and water stains.

#### Preparation

The surface must be clean and free from wax and grease. Clean with water and detergent, rinsing with clean water. Remove any loose paint by scraping or sanding.

#### Application

Use outdoors or in a well ventilated area. If using outside, avoid spraying if it is very windy or in dusty conditions.

Shake can vigorously for approximately one minute when the mixing balls start rattling. Continue shaking during use.

Hold can upright approximately twelve inches from item spraying in a back and forth motion whilst spraying. Apply 2 or more light coats leaving a few minutes apart for each coat.

#### Re-coating Time

The surface will be dust dry after 30 minutes and can be handled after 1-2 hours. Allow longer during cooler temperatures. Re-coat after 1 hour.

#### Coverage

1 litre will cover approximately 10 sq.m in 1 coat depending on the absorbency of the surface.

#### Cleaning

When finished spraying, turn can upside down and spray to prevent clogging of the nozzle. Clean up paint with Rustins Xylene Thinners. If spray nozzle clogs, remove and clean using Rustins Xylene Thinners.

#### Disposal (pollution prevention)

Some local authorities have special facilities for disposal of waste paints/varnishes/coatings. Do not empty product into drains or watercourses.

#### Storage

Store in a cool dry place with the lid tightly closed. Do not expose to heat, sparks or open flame. The shelf life of the product is 2 years. The product can be used after the shelf life has expired but should first be checked to ensure it has not deteriorated in quality.

### HEALTH AND SAFETY DANGER

Contains ACETONE, NAPHTHA  
(PETROLEUM), HYDROTREATED HEAVY

Extremely flammable  
aerosol.

Pressurised container: may  
burst if heated.

Causes serious eye irritation.  
May cause drowsiness or  
dizziness.

Keep out of reach of  
children.

Keep away from heat, hot  
surfaces, sparks, open  
flames and other ignition  
sources. No smoking.  
Do not spray on an open  
flame or other ignition  
source.

Do not pierce or burn, even  
after use.

Use only outdoors or in a well-ventilated area.

Wear protective gloves/ protective clothing/ eye  
protection/ face protection.
