

# Rustins

Quick  
Dry

## Pre-Stain Wood Conditioner

Helps  
create  
an even  
finish

- Use before staining or varnishing
- Prevents streaking and blotching

For indoor & outdoor use

### STIR WELL BEFORE USE

Rustins Pre-stain Wood Conditioner is formulated with a water based acrylic emulsion for use on bare wood that dries to a near invisible finish. When dry it can be dyed or varnished with solvent or water based products to create a more uniform colour.

### Preparation

The surface must be clean, dry, and free from contaminants and sanded smooth..

### Application

Stir well before use. Apply evenly with a brush, pad or sponge. Leave for 5 minutes, then wipe off any excess material. Do not use below 10°C or in conditions of high humidity or if rain is imminent.

### Re-coating Time

The conditioner will be touch dry in approximately 30 minutes depending upon the temperature and humidity and can be re-coated after a minimum of two hours if using a water based stains and varnish. Leave for 8 hours before re-coating if using spirit based stains.

### Coverage

1 litre will cover approximately 12 sq m per coat depending on the absorbancy of the surface.

### Cleaning

Remove as much conditioner as possible and return to this container. Brushes should then be cleaned immediately with water. If the brushes become hard, they may be cleaned with Rustins Brush Restorer or Rustins Cellulose Thinners.

### Disposal (pollution prevention)

Some local authorities have special facilities for disposal of waste paints/varnishes /coatings. Do not empty product into drains or watercourses.

### Storage

Store in a cool dry place with the lid tightly closed. Protect from frost.

### HEALTH AND SAFETY

Avoid contact with eyes and skin. In case of contact with eyes, rinse immediately with plenty of water and seek medical attention. After contact with skin, wash immediately with plenty of soap and water or a proprietary skin cleanser. Keep out of reach of children.
